Changes to Wattsmart Homes Program in Wyoming

As part of the Company’s efforts for continual improvement, Rocky Mountain Power is planning changes to the Wattsmart Homes program in Wyoming, effective July 10, 2026. As summarized in the tables below, these changes include incentive adjustments for windows, appliances, heat pumps, and new home offerings. **Any incentive amounts for current Program offerings not mentioned in the tables below will remain unchanged.** Existing incentive terms and conditions still apply. If you have questions or need additional information, please [contact us](#).
